

SHOBIKA K

Data Scientist | AI & Data Science Undergraduate

+91 9043062513 | shobikakanipandi@gmail.com | [GitHub](#) | [LinkedIn](#) | [LeetCode](#) | India

PROFESSIONAL SUMMARY

Artificial Intelligence and Data Science undergraduate with hands-on experience building AI-powered and real-time data applications. Expertise in computer vision, embedded systems, sensor analytics, and intelligent monitoring platforms using Python, SQL, Firebase, and machine learning frameworks. Proven track record in autonomous systems, data-driven engineering, and scalable solutions connecting AI with real-world applications.

EXPERIENCE

Team ReNew

Mar 2025 – Jan 2026

Pilot & Lead Telemetry Data Engineer | Qatar

- Analyzed real-time telemetry data and built a mobile analytics app, reducing race decision latency by 200 ms for Shell Eco Marathon.
- Formulated race strategies and served as Team Pilot, executing data-driven plans on track while ensuring precision, safety, and efficiency.

Forge Innovation and Ventures

Jul 2025 – Jan 2026

Innovation Engineer Trainee | India

- Delivered end-to-end product prototyping integrating hardware, software, and data pipelines into intelligent connected systems.
- Worked within multidisciplinary environments to build connected, intelligent systems from design through implementation.

Labmentix Pvt. Ltd

Jun 2025 – Jul 2025

Data Analytics Intern | India

- Performed data cleaning, EDA, and preprocessing using Python (Pandas, NumPy) and Excel to identify trends and patterns.
- Built data visualizations and analytical dashboards using Power BI to support data-driven decision-making.

Team ReNew

Dec 2024 – Feb 2025

Embedded Systems & Telemetry Engineer | Qatar

- Developed embedded systems for multi-sensor data acquisition with real-time telemetry and on-device preprocessing.
- Built multi-sensor telemetry pipeline streaming data to cloud database for real-time monitoring and historical analysis.

Altair — AICTE EduSkills

Jul 2024 – Sep 2024

Data Science Virtual Intern | India

- Completed hands-on training in data preprocessing, exploratory data analysis, and predictive modeling using Altair tools and Python.
- Built end-to-end ML workflows applying supervised and unsupervised techniques for predictive modeling on real-world datasets.

PROJECTS

- [Traffic Congestion Management System](#) — Analyzed real-time traffic data using YOLO-based vehicle detection and built a Streamlit dashboard to visualize congestion patterns, supporting data-driven traffic management decisions.
- [AI Career Guidance Chatbot](#) — Developed an AI-powered career guidance system generating personalized career recommendations through intelligent profile analysis and context-aware NLP response generation.
- [PLC Digital Twin](#) — Implemented a PLC-synchronized digital twin architecture enabling real-time telemetry, bidirectional control, and state mirroring between physical industrial hardware and its virtual model.
- [AI Design Audit Agent](#) — Created an intelligent design auditing solution that streamlines design review workflows by automatically identifying accessibility, usability, and consistency, enabling faster and more reliable design validation.

TECHNICAL SKILLS

Programming & Analytics: Python, SQL, R, Excel, Pandas, NumPy

Data Visualization & Analysis: Power BI, Streamlit, Matplotlib, Seaborn, EDA, Statistical Analysis, Dashboard Design

Machine Learning & AI: Scikit-learn, TensorFlow, Predictive Modeling, NLP, Computer Vision, Reinforcement Learning

Databases & Cloud: MongoDB, Firebase, Google Cloud Platform (GCP), REST APIs, Cloud Computing

Tools & Technologies: MATLAB, Embedded Systems, IoT, Real-time Telemetry, Sensor Fusion, Cisco Packet Tracer

ACHIEVEMENTS

 Vikrant Award — Best Driver in Track Performance, Kumaraguru College of Technology, 2026

 Shell Eco Marathon — 3rd Place, Hydrogen Fuel Cell Category, Qatar, 2026

 Mahatma Gandhi Award Recipient — Kumaraguru Institutions, India, 2024

 Fiestaa'25 — 1st prize in Way To Win, KPR Institute of Engineering and Technology

EDUCATION

B. Tech Artificial Intelligence and Data Science

Aug 2023 – May 2027

Kumaraguru College of Technology, India | CGPA: 8.53 / 10.0
